

NOTICE

Recreation Ground Wednesday 17th April 2019

The Recreation Ground surface will receive its Annual weed prevention process early morning from approximately 0730hrs to 1030hrs on the above date.

The materials being used are harmless to animals on contact with the surface but have an unpleasant odour whilst being sprayed.

Please do not walk in the immediate areas being sprayed for your own comfort.

The sprayed area will be overseen by our contractor as it moves around the recreation ground.

Please observe all instruction issued by our contractor on site as an additional safety precaution.

Mike Winter
Clerk to the Council
