Dear Mike and the Great Shelford Parish Council,

Thank you for sharing the Parish Council's views on the CSET Busway with me.

I agree with you that the current favoured route is not the most beneficial when examined from all aspects, particularly environmentally. Preserving the Gog Magog Hills and similar green space around Cambridge is important. I believe that proper consultation should factor in the views of those most affected by these proposals, and I thank you for sharing your survey results with me. I plan to work with the Greater Cambridge Partnership (GCP) to fully research and consult on other alternative routes.

I intend for my Mayorship to be led by compassion, co-operation, and community and my decision making will be based on these principles. I hope for this message to be taken on board by our partners and for this project to serve the people of Cambridgeshire.

Thank you again for writing to me on this issue.

Yours Sincerely,

A handwritten signature in black ink, appearing to read 'Dr Nik Johnson'.
